

It's not just a tool, it's our work ethic.

**PRO Services®**

**Management.** Maintenance and inventory programs.

**Engineered Upgrades.** Materials, hydraulics, and mechanical modifications.

**Condition Monitoring.** Continuous, wireless, predictive.

**Repairs.** All types and brands of rotating equipment.

**Field Service.** On-the-road repairs, 24/7/365.

*Precise. Conscientious. Knowledgeable.* When your pump, blower, compressor, or any rotating or reciprocating equipment needs service or after-sales support, turn to PRO Services from ITT. We have a wealth of experience in mechanical and hydraulic design, metallurgy, and manufacturing technology. Large-scale upgrades are our specialty. And no other services company invests as heavily in people, training, and equipment as we do. For more information, visit [www.ittindustrialproducts.com](http://www.ittindustrialproducts.com) or call 1-800-734-PUMP.
