

# The global leader in a growing industry. Think about ITT.

Goulds Pumps has the largest selection—and installed base—of ethanol and corn processing pumps in the world. And our 3196 is the most popular process pump across all industries. Combined with advanced technology like our PumpSmart® controls and ProSmart® monitoring for improved performance, and a local sales and service network that's second to none, you get more than reliability. You get peace of mind.

Call 1-800-734-7867 for our new ethanol brochure or visit [gouldspumps.com](http://gouldspumps.com) for the name of your local representative.
