

A pump is
about to fail.
Want a heads-up?

Think about ITT.

**Introducing
the Goulds 3196 i-FRAME™.**

Every Goulds 3196 now features onboard intelligence that monitors vibration and temperature, and flashing lights alert you to problems. Further enhancements in bearing technology, oil sump design, and bearing isolators provide years of worry-free operation. Now standard truly is deluxe. To download a product brochure, visit gouldspumps.com, or call 1-800-734-7867.
