3 YEAR ANSI PUMP WARRANTY

Three Year Performance Guarantee

ITT Goulds Pumps is pleased to offer a new standard *3 Year Warranty* for the following models:

3196, CV 3196, HT 3196, LF 3196, 3996, 3796, and NM 3196

This warranty is our commitment that every pump will perform reliably for a period of three years after the date of shipment from ITT Goulds Pumps or one of our authorized industrial distributors.

Customers experiencing a failure directly attributable to materials and/or workmanship within three (3) years after shipment, under the terms of our warranty, ITT Goulds will repair or replace the failed component(s) FREE of charge.

The extended warranty is contingent on customers using Goulds OEM parts exclusively and following the procedures as outlined in the product Installation, Operation and Maintenance Manual.

The Extended Pump Warranty excludes normal wear, abuse, misapplication, etc. For further clarification of our warranty policy refer to ITT Industries' standard Terms and Conditions as published in document number 700.1.

Contact your local Goulds Pumps Representative for more information!
